Re: Summary of Benefits and Coverage

Thank you for choosing Sutter Health Plus. We look forward to building a long-term partnership with you and meeting all of your health care coverage needs.

To help your employees understand their medical benefits, we have enclosed a copy of our *Summary of Benefits and Coverage (SBC)* for each benefit plan you have selected. As a reminder, the Patient Protection and Affordable Care Act require that employers provide the *SBC* to participants as follows:

- Upon application, either as part of written application materials for enrollment or by the first date on which the employee is eligible to enroll in coverage
- By the first day of coverage (if there are changes)
- To special enrollees within 90 days from enrollment
- Upon renewal, either as part of written application materials for renewal or at least 30 days prior to the first day of the new plan year
- Within seven business days of a request

If you have any questions about your coverage, please contact your broker or Sutter Health Plus Account Services at 855-325-5200.

Sincerely,

Sutter Health Plus
