

PHARMACY BENEFITS

Managing Your Prescriptions

Sutter Health Plus partners with MedImpact for prescription drug benefits, including retail, mail order and specialty prescriptions.

Retail Pharmacy

Pick up your prescription drugs at most independent pharmacies and chains where you may shop—CVS Pharmacy, Raley's, Bel Air, Safeway and Walgreens, to name a few.

Mail Order Pharmacy

Sign up for mail order pharmacy service and receive:

- Up to a three-month supply, as your benefit plan allows, of your maintenance prescription drugs for the cost of two retail copays
- Free standard shipping of your prescription drugs

Specialty Pharmacy

Purchase specialty prescription drugs through Walgreens Specialty Pharmacy. These prescription drugs can be mailed at no cost to your home, or you may request to pick them up at your local Walgreens retail pharmacy.

MedImpact Pharmacy Portal

View sample pharmacy benefits for some of our most popular plans through the MedImpact Member Portal including:

- Pharmacy locator tool
- Drug price check tool
- Sutter Health Plus formulary
- Mail order pharmacy information
- Specialty pharmacy information

Visit sutterhealthplus.org/pharmacy

Transferring Your Prescriptions

If you are new to Sutter Health Plus and you or your covered dependents currently pick up prescription drugs from a pharmacy outside the MedImpact network, follow these steps to transfer your prescriptions.

Before Your Effective Date

Check to see if you have refills left on your active prescriptions:

- If you have refills available, fill them through your current health plan before your effective date to ensure you have an adequate supply on hand until you establish care with your new Sutter Health Plus provider
- If you do not have refills available, contact your current prescribing provider as soon as possible; refill your prescription through your current pharmacy before your effective date

Request a written prescription to take to your new pharmacy to be filled on or after your new health plan effective date.

Check the Sutter Health Plus Formulary to see if your prescription drug requires a prior authorization; if so you will need to know about the Medication Continuity of Care process described in your *Evidence of Coverage and Disclosure Form*.

After Your Effective Date

If you have refills available, take your prescription bottle to a MedImpact network pharmacy for up to a 30-day supply; the MedImpact network pharmacy will work with your current pharmacy to transfer your prescription.

If you have a written prescription from a provider, take it to a network pharmacy for up to a 30-day supply.

If you take a prescription on a regular basis, consider using mail order fulfillment through Postal Prescription Services (PPS); you may obtain up to a three-month supply, as your benefit plan allows, of your maintenance prescription drugs for the cost of a two-month retail supply.

- Contact PPS at 1-800-552-6694 or visit ppsrx.com

If you take specialty medications, you must fill your prescription through Walgreens Specialty Pharmacy.

- Contact Walgreens Specialty Pharmacy at 1-888-955-2695 or visit walgreens.com/pharmacy/specialtypharmacy.jsp
- Walgreens Specialty Pharmacy can mail your prescriptions or send them to your local Walgreens retail pharmacy for pick up
